Education

Chukwuemeka Odumegwu Ojukwu University — *Anambra State, Nigeria*
B.sc in Microbiology — *Oct 2018 – Jun 2022*

Work Experience

Codetivite — *Remote*
Frontend Developer — *October 2024 – December 2024*
- Collaborated with a team to design and develop a full-stack web application using HTML, CSS, JavaScript, and Firebase, ensuring seamless front-end and back-end integration
- Enhanced code performance by 70% by identifying critical bottlenecks and implementing efficient refactoring strategies
- Acquired in-depth knowledge of the Software Development Life Cycle (SDLC), version control systems (Git), Agile methodology, and defect tracking tools such as Jira to enhance development efficiency and team collaboration
- Improved communication skills while presenting progress updates
- Solidified my problem solving skills by troubleshooting complex issues in my project development during my internship period

GDG(Google Developers Group) — *Anambra State, Onitsha*
Volunteer — *June 2024 – Present*
- Maintained clean operational facilities to serve program needs
- Ensured operational facilities were well-maintained and organized to support program efficiency and meet organizational needs effectively
- Assisted in organizing and planning events to ensure they were engaging, enjoyable, and executed seamlessly

Technical Skills

Language: JavaScript, Html/CSS
Frameworks: React.js, Next.js, Tailwind CSS
Developer Tools: Firebase (Cloud platform), Git/Github, VsCode

Projects

Fundify App — *Html, CSS, JavaScript*
- Fintech App that Simplifies financial transactions with a secure and user-friendly mobile platform.
- Features Includes PIN authentication, dynamic account search, and a responsive mobile interface. Designed exclusively for mobile use, combining modern design with secure functionality. Enhances user experience, ensures data security, and supports scalability.

Award

Dec 2024 — **Personal Brand Builder**, In recognition of my dedication to consistently sharing my journey, expertise, and progress, I was honored with the Personal Brand Builder Award at Codetivite. This award reflects my commitment to not just writing code, but also documenting my growth, engaging with the tech community, and positioning myself as a thought leader in the software development space — *Codetivite*
